

FOOD INSPECTOR IS ANGERED BY FILTH IN A DIXON PLANT

PROPRIETOR OF ESTABLISHMENT, WARNED SOME TIME AGO, MAY BE PROSECUTED.

GROCCERS WERE ALSO WARNED

Fruit Display in Front of Stores Must Be Eighteen Inches Above Sidewalk.

H. L. Shannon of Rockford, a pure food inspector of the state pure food commission, spent Monday in Dixon and it is reported on unimpeachable authority that he found several stores in this city in which conditions were such as to cause him to deliver strict warnings to the proprietors, and that in one case he will likely recommend that the proprietor be summoned before the commission in Chicago and tried for violation of the pure food law.

It is said that Mr. Shannon warned grocers against the display of fruit on the sidewalk in front of their stores, and called their attention to the provisions of the state laws requiring displays of this kind to be at least 18 inches above the sidewalk, and gave them three days in which to comply with the provisions of the law.

Second Report.

The most serious conditions Mr. Shannon found, it is stated, were in the establishment, where foodstuff is manufactured, which was reported to the pure food commission some time ago. It is said that the conditions the inspector found in that establishment Monday were such as to arouse his anger and to cause him to contemplate closing up the place of business.

However, it is said the inspector decided to let the state commission act in the matter, submitting his report of finding filth in the work room and to recommend that strong action be taken in the case.

BRYAN WILL CONFER WITH THE PRESIDENT

FORMER SECRETARY OF STATE TO SEE WILSON—FIRST TIME SINCE HE QUIT.

(Associated Press)
Washington, Sept. 21.—W. J. Bryan, former secretary of state, will confer with President Wilson tomorrow, the engagement having been made at Bryan's request. It will be their first meeting since the Commager quit the cabinet. What will be discussed has not been disclosed, but official Washington expects they will talk over the recent proposal that Bryan go to Europe to talk peace, and that Bryan's announced opposition to any increase in the national defense will be touched upon.

HEARING IS AGAIN CONTINUED

Number of Property Owners On the Franklin Road Object.

The hearing on the assessment roll for the proposed concrete roadway to be built on the Franklin Grove road was taken up in county court this morning. Several objectors were present and contended that the assessment against their property was greater than the benefits to be derived. The hearing was continued until Monday morning.

WILL BUILD NEW COUNTY JAIL

\$200,000 To Be Expended on Winnebago County Buildings.

Winnebago county supervisors yesterday voted to build an addition to the oxford court house and a new county jail at an estimated cost of nearly \$200,000. The limit is placed at \$190,000, but it is expected that the total cost will reach the former figure. Three years ago the voters went on record in favor of a new court house, but the project has been delayed on account of the general depression.

Eugene Roper of San Francisco, Cal., who has been here visiting with his parents, Mr. and Mrs. J. A. Roper, left this morning, for New York City.

Supplemental Assessment For N. Crawford Ave.

Council Passed Ordinance Providing For Additional Levy There

Not much of interest was taken up at the meeting of the city council this morning. An ordinance providing for the supplemental assessment on the North Crawford avenue paving was adopted. The amount of brick necessary for the job was greater than the estimate and additional labor was required in preparing the street grade, and to cover this expense it was necessary to make a supplemental assessment of \$2,812.34.

I. B. Hofer presented an application for an electric sign in front of his coal office on Galena avenue. The matter was referred to the commissioner of public health and safety, with power to act.

The weight and measure ordinances of other cities are being investigated preparatory to the drafting of a similar ordinance for this city. It is expected to have it ready by the next meeting.

TEACHERS PENSION LAW IS EXPLAINED

CO. SUPT. MILLER RECEIVES LETTER FROM STATE SUPER-INTENDENT BLAIR.

TO SEND BLANKS TO TEACHERS

County Superintendent L. W. Miller has received a communication from State Superintendent F. G. Blair covering points in the teachers' pension and retirement fund law. It states that teachers who have taught 25 or more years and wish to become annuitants take these initial steps: 1. resume teaching, if they have previously retired; 2. notify in writing the board of trustees of their election to become annuitants; 3. file a similar written notice with the local school board.

The notice also states that payments must be set apart by school boards from salaries of teachers who were employed after the enactment of the state teachers' pension and retirement fund law in all cases where this is the first teaching of said teacher in the state. Such deductions are to be made each pay day for the first five months of school.

Six teachers in the south side public school will be affected, while none on the north side of the river come under the new ruling. One teacher is affected in Amboy. The old teachers do not have to pay into the pension fund unless they wish to take advantage of it, but all teachers starting after July 1 of this year must pay into the fund. For the first ten years a person teaches he must pay a dollar a month for the first five months of the year, a total of \$5 for the year. One who has taught over ten years and under fifteen must pay \$2 monthly for the first five months, a total of \$10 per annum. One who has taught between fifteen and 25 years must pay \$6 per month into the fund for the first five months or a total of \$30 per year.

BRITISH DEBT ELEVEN BILLIONS

Chancellor of Exchequer Gives Estimate in Budget Speech Today.

(Associated Press)
London, Sept. 21.—Chancellor of the Exchequer McKenna in his budget speech today estimated that the British government's revenue for the current year would be \$1,360,000,000 and that expenditures would reach \$7,950,000,000. He said that the dead weight of the debt at the close of the financial year would be \$11,000,000,000.

He proposed an addition of 40 per cent to the existing income tax and a heavy tax on the profits of manufactures of war materials.

BULGARIAN MILITARY FORCES MOBILIZE TO MAINTAIN NEUTRALITY

ENTIRE FIGHTING STRENGTH OF COUNTRY CALLED TO COLORS TODAY

MACEONIANS JOIN BULGARIANS

Russian Army Has Escaped From Teutons' Encircling Movement At Vilna

(Associated Press)
Washington, Sept. 21.—The Bulgarian minister here today stated that a great mobilization of all of the military forces of Bulgaria, to become effective today, had been ordered for the purpose of armed neutrality.

(Associated Press)

The long expected campaign against Serbia by the Teutons for the purpose of opening a way to Constantinople to aid the Turks has begun. With a storm of artillery fire designed to cover the crossings of the Danube and Save rivers Belgrade and Semendria are being bombarded.

Russian Army Escapes.

Latest reports reaching London from Vilna and the surrounding region indicate that the Russian army there has escaped Gen. Hindenburg's trap. The domestic situation in Russia is still a mystery, because of the strict censorship of all news.

Submarine Sunk.

Russian ships have sunk a German submarine in the Black Sea, dispatches from Odessa state.

The British steamer Linkmoor, 4000 tons gross, which was built last year, has been sunk. The crew was saved.

Join Bulgarians.

Sofia dispatches say that 50,000 Macedonians joined the Bulgarian colors last Friday, and it is reported that traffic on all Bulgarian railways has been suspended temporarily.

Swiss Have Expenses.

Switzerland's expenses for mobilizing her troops to maintain her neutrality amounted to \$28,000,000 up to Sept. 1st.

A New War Arena.

The Over Seas News Agency of Berlin says that it is reported from the Balkans that Serbia has declared the Serbian-Bulgarian frontier district a war scene.

Hindenburg Goes On.

Berlin reported today that General Hindenburg's encircling movement around Vilna has been carried further by his troops.

HIS FIRST VISIT IN DIXON SINCE 1866

E. A. SNYDER, WAR CORRESPONDENT OF TELEGRAPH, VISITING FRIENDS HERE.

E. A. Snyder, a former resident of this city, who has not been here since 1866, is here for a short visit at the home of J. W. Crawford, stopping off on a trip from his home in Cedar Falls, Ia., to Washington, where he will attend the Grand Review of the G. A. R. Mr. Snyder first came to Dixon in 1858, making his home with his uncle and aunt, Mr. and Mrs. Joseph Crawford. He attended the old Dixon Seminary under Prof. A. M. Gow in 1859, and when the 49th Illinois Infantry was organized here under Col. Dement he enlisted, acting as correspondent for the Telegraph during the war. In 1866 he went to Cedar Falls and established the Cedar Falls Gazette, of which he was editor 36 years. His brother, W. C. Snyder, was American Express agent here for a number of years.

ASHTON BANKER IS VERY ILL

Condition of W. C. Yenerick Reported To Be Critical.

(Special to Telegraph)
Ashton, Ill., Sept. 21.—W. C. Yenerick, president of the Farmers' bank here and one of the most prominent citizens of the east end of the county, is seriously ill at his home. He has been sick for some time and this afternoon it was stated that his condition is critical.

WILL PUBLISH ALL DISPATCHES OF ARCHIBALD, WAR CORRESPONDENT.

(Documents from the German and Austro-Hungarian embassies in Washington taken from James F. J. Archibald, the American war correspondent, on his arrival in England recently, will be made public in London. Lord Robert Cecil, parliamentary undersecretary of foreign affairs, informed the house of commons. He added that one of the most important of these papers had already been made public, and that there was no reason connected with the public interest why all should not be published.)

ASK COURT TO MAKE COMMISSIONERS ACT

PROPERTY OWNERS IN HARMON SAY DRAINAGE DITCHES ARE CLOGGED.

WILL ARGUE CASE NEXT MONDAY

A number of land owners in Harmon township whose holdings are within the Harmon and Marion drainage district today through Attorneys Dixon & Dixon filed a petition in the circuit court asking that a writ of mandamus be issued against commissioners of the district requiring them to dredge laterals Nos. 4 and 5 that empty into the main ditch so they may properly carry off water they contend backs up on their land. A hearing on the petition was set by Judge Farrand for next Monday.

The suit is brought in the name of the People ex rel. vs. Wilbur Gatchel, Michael Perdue, Evan Watkins and Peter Fitzsimmons against Dennis Considine, James Frank and George Smith, drainage commissioners of Union Drainage District No. 1 of Harmon and Marion townships. According to the petition on file laterals 4 and 5 extending north from the main ditch have become filled with earth and sand, stones and other material, while in places trees have been allowed to grow, obstructing the flow of water, causing the land in the vicinity to be overflowed and submerged and resulting in damage to crops. They ask the court to require the commissioners to make an estimate of cost of the proposed improvement and to make an assessment upon the several tracts of land in the district according to classification.

MAY CHANGE STATE AID ROAD TOMORROW

SUPERVISORS WILL PROBABLY HAVE WARM SESSION WEDNESDAY.

COMMITTEES REPORT TODAY

Various committees of the board of supervisors put in a busy morning in auditing bills referred to them. The finance committee made its quarterly check-up of the accounts of the county treasurer this morning and when the afternoon session was called to order at 2 o'clock by Chairman Morris Cook most of the committees were ready to report.

The board will revise the petit jury list to bring the required number of names of the list during the afternoon. Last year the names of ten per cent of the voters of each township were placed on a list. From this list 400 names were placed in the box, and since that time juries for various terms of court have been withdrawn. Next year the box will be emptied and new names placed on the ten per cent list.

Chairman Cook announced his selection of delegates to the state convention of county supervisors and county clerks to be held at Springfield next month. They are John M. Sterling of Dixon and James Buckley of May. Mr. Cook will also attend the meeting. John Banks of Brooklyn was named as alternate.

It is likely that this afternoon or Wednesday morning the matter of selecting some other road than the Chicago road to expend the state money upon will come up for discussion. It is probable that some other form of road building other than cement or brick will be taken up, as many members feel that it takes too long a time to make any showing and use the material named above, beside the expense being too great for what they have to show when it is completed.

ANOTHER LOAD OF ITALIANS

Train Laden With Future Soldiers Passed Through Dixon.

Another carload of Italians passed through Dixon Sunday to join others at Chicago and other eastern points to go to the war in their fatherland. As they passed through Dixon many were sticking the Italian flag out of the windows waving them back and forth, seemingly to be working to a high pitch of interest.

IS MARY SMITH GOING TO QUIT PANKHURST?

DAME RUMOR SAYS YOUNG \$10,000 HOUSEKEEPER MAY SOON RESIGN.

YOUNG FARMER TAKES HER EYE

Chicago, Sept. 21.—Pretty Mary Smith of Chicago, who promised Uncle Jimmy and Aunt Louisa Pankhurst at Amboy, Ill., that she would help with the cooking on their farm and be a daughter to them for \$10,000 of their \$700,000, to be inherited by her when they died, caused gossip of the town to start their war of words afresh.

A rich farmer, \$50,000 strong, with a powerful automobile, is the cause of the swiftly flying chatter. His name is Ernie Bookman, and he is tall and handsome.

Although Ernie has an auto, he suddenly decided to ride horseback and leave his car in the garage. His neighbor, Mary Smith, travels altogether on horseback. Furthermore, Bookman has lately been decrying \$10,000 as a pitifully small sum. Hence the gossip which says Uncle Jimmy Pankhurst may soon be advertising for another \$10,000 daughter-cook.

Fried chicken dinners of most appetizing flavor and the flaky white bread that Mary Smith bakes have caused Mr. Pankhurst to look with extreme disfavor upon Bookman's threatening suit for Mary's favor. The lofty sentiments ascribed to Mary by the Chicago reporters, for the purpose of adding "human interest" to her bargain with the Pankhursts, are about to be put aside for things that sound still more metallic, according to later reports on the case.

GRAND JURY WILL REPORT TOMORROW

INQUISITORIAL BODY EXPECTED TO COMPLETE ITS WORK IN THE MORNING.

THE STATES ATTORNEY REPORTS

There was little work to the court today, a few orders being entered in chancery matters. The Master in Chancery's report of the sale and final distribution in the partition suit of Kathryn A. Purcell et al. vs. Chas. E. Lloyd et al. was received and approved by the court. Leave to file additional counts to the declaration in the case of C. B. Swartz vs. Zachariah Adams was granted. The term report of States Attorney Harry Edwards was filed and approved by the court.

The grand jury has been busy during the day and a number of witnesses from the east end of the county appeared before them in an investigation. It is expected they will complete cases to be brought to their attention by adjournment time this afternoon and tomorrow they will visit the county jail and make their report and be finally discharged by noon.

CONCERT FOR Y. M. C. A. AUXILIARY

Clarence V. Olander Will Give Entertainment September 28.

The Ladies' Auxiliary of the Y. M. C. A. has arranged for an entertainment at the rooms of the Y. on the evening of Sept. 28, when Clarence V. Olander, cartoonist, Swiss bell ringer and violinist, will present an entertainment. A slight admission will be charged and the ladies hope to add to the amount of money in their treasury.

HAVING FINE TRIP

Word has been received by friends that Mr. and Mrs. Ralph Dixon, Mr. and Mrs. Harry Christiance, and George Christiance, who are on a motor trip through Illinois and Indiana, reached Anderson, Ind., 397 miles from Dixon, without even a puncture. They will return the latter part of the week by way of Chicago.

Harry Stitzel and Quincy Adams spend the evening in Sterling, Ill., on a special tour.

VICTIM OF ACCIDENT AT LEE COUNTY FAIR IN GRAVE CONDITION

SURGEONS ATTENDING ALBERT HARMS REPORT BUT SLIGHT CHANCE FOR HIM.

MENINGITIS HAS DEVELOPED

Brain Was Found To Be Badly Infected From Blow On His Head.

(Special to Telegraph)

Sterling, Sept. 21.—In a forlorn hope of stopping the further spread of the infection which has appeared in Albert Harms' brain, surgeons last night performed a second operation. The young man continued to grow weaker during the day, however, and this afternoon it was announced that there is absolutely no hope for his recovery.

Sterling, Sept. 21.—There is not a chance in ten million for Albert Harms, the young man who was injured at the motordome at the Lee county fair last Thursday. Meningitis developed Friday night and the chances are very slight of recovery in all cases of this kind.

The operation performed on his head Saturday revealed the fact that the whole inside of his head is afflicted. A portion of the skull was removed from his forehead directly over the nose and there is a wound that the missile which struck him must have penetrated through the skull into the brain for a long distance. The whole front of the brain could be moved on account of the injury. The foreign matter which hit him must have entered the head a goodly distance. Much pus had formed inside the skull and it was removed.

Another portion of the skull was removed back of the right ear, where another wound was sustained. The removal of the skull there showed that pus had formed and it was drained, the drains being left in to take away more as it forms. From this portion of the head with the skull removed it could be seen that the brains were badly injured, in fact the whole brain seems to be loosened to a great extent and injured.

When the wound in front of the head was opened and a large flap of skin had been cleared away it was found that many pieces of the skull had splintered off and all these were removed. Some pieces of bone were also found imbedded in the wound at a great depth.

LECTURER TO TELL OF EDISON'S WORK

CHAS. P. STINSON WILL EXPLAIN INVENTIONS OF "WIZARD OF MENLO."

Charles P. Stinson of Orange, N. J., a representative from the Edison laboratory, is in the city for a few days with the John E. Meyer Co., city representative of the Edison Co., and will give a series of lectures on many of the wonderful inventions of the great wizard. Mr. Stinson has been intimately associated with Mr. Edison for a number of years. The first of the series of talks will be given at the Elks' club Friday evening.

OFFICIAL BLACKBIRD SHOOTER APPOINTED

STERLING HAS OFFICIAL TO RID NEIGHBORHOOD OF THE NUISANCE.

Sterling, Sept. 20.—The big trees at the residence of Joseph Martin, corner of Second avenue and 8th street, have been the congregating place for blackbirds for many seasons. Prior to the migratory period, blackbirds by the thousands make the yard a meeting place. The birds become a nuisance and every method of trying to stop it failed.

Mr. Martin and his neighbors believe they have the correct idea by shooting the birds. This morning they petitioned the city council to appoint an official to shoot the birds in an effort to prevent the migration from this place.

The petition was granted and Capt. Harry Cullin, the best shot in Co. E, has been designated by the city as official bird shooter and he will start work at once.

FAMILY THEATRE.

"The Sands of Time," a Selig drama in three parts, will be shown at the Family this evening and promises to be one of the most interesting subjects seen here this season. It has a wonderfully interesting story and the fact that Miss Martha Boucher plays the leading role makes it doubly interesting. Miss Boucher will be remembered as the daughter of Mr. and Mrs. C. W. Boucher, who were connected with the Dixon college some years ago.

Other pictures are: "The High Society," featuring Ham and Bud, and "The Masqueraders," featuring Chas. Chaplin.

PRINCESS THEATRE.

Tonight the Princess will show a two reel Majestic feature entitled, "Her Oath of Vengeance," with Teddy Sampson and Charles West in the leading roles, the romantic story of a Russian fruit grower's daughter in this country. The other pictures are: "For Love of Mary Ellen," a Majestic juvenile comedy featuring an all star cast, and a Falstaff comedy entitled "Pansy's Prison Pies," with Frances Keyes and Arthur Cunningham in the leading roles, a comedy which starts with a pie and ends with a cruller.

HISTORIC REGIMENT HOLDING REUNION

SEVENTY-THIRD ILL. INFANTRY MET TODAY—WILL ATTEND STATE FAIR.

(Associated Press)

Springfield, Ill., Sept. 21.—The piping and rattling of fife and drum echoed through the corridors of the state house here today, causing state employees to rush to the rotunda.

The tune was "Marching Through Georgia" and as the clerks resumed their way they walked with "hip, hip, hip" movement in spite of themselves to the tune of the martial air.

An old man with straight, clear-cut features partially hidden beneath hair and beard as straight and white as that worn by Santa Claus at Christmas time, emerged from Memorial hall in the south corridor of the state house and tried to march a bit faster than the bullet-torn muscles of his leg would permit him. This was Captain James H. Hodges, custodian of Memorial hall. He hurried to the elevator and explained to the operator that he wanted to go to the Hall of Representatives.

"It's the annual reunion of the 73d Infantry," he said. "I didn't belong to that regiment, but I always like to watch them."

The Hall of Representatives wasn't crowded, but it certainly buzzed with animation, bronze medaled, blue coated men with white heads and bald heads locked arms and horns as they settled some moot question as to which "Comrade" was the first to reach the side of General Schafer, who was killed before noon at the battle of Stone river, or what company led the assault of Kenesaw mountain. There are always scores of questions which promise never to be settled unless all the proponents of one side die before the defenders of the other.

COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma kept her locks dark, glossy, thick with a mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmothers' secret, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft luster and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.

GRAEHLING BOUGHT FARM.

J. P. Harris of Princeton, Ill., sold his farm of 160 acres two miles south of Tampico to George Graehling of this city. The consideration was \$34,000. Mr. Harris took forty acres of Florida land in exchange. F. M. Smith and Sidney Laarus consummated the deal.

LIMITED IS WRECKED; TWENTY ARE INJURED

Cars Are Saved from Fire By Bucket Brigade.

Chicago, Sept. 21.—Twenty persons were injured, some of them severely, when the Missouri Limited bound from Chicago for Kansas City, crashed into three wrecked freight cars 500 yards west of the station at Western Springs, Ill.

The mail car immediately back of the tender up ended as it struck the freight wreck while the baggage car just behind it left the rails and rolled over in the ditch. Just back of the baggage car was a combination baggage and smoking car, which also left the track and turned over. Most of the injured passengers were taken from this car.

The capsized locomotive caused a fire which was spreading to the baggage car when a bucket brigade of citizens put out the flames.

EASTLAND IS ORDERED SOLD

December 20 Is Day Set for Bids for Ill-Fated Boar.

Chicago, Sept. 21.—Judge K. M. Landis in the United States district court ordered the sale of the hull of the Eastland and set Dec. 20 as the date on which bids for the purchase of the steamer will be advertised for.

The order was prepared by the attorneys for the various interests represented and signed by the court.

ADLER MAKES GUILTY PLEA

Noted Banker Forger Said to Have Amassed Nearly \$1,000,000.

Waukesha, Wis., Sept. 21.—George Adler, alias John W. Barnhart, Forest City, Ark., banker, pleaded guilty to forgery. Judge Milo Muckleston deferred sentence until Friday.

The defendant is alleged to have amassed almost \$1,000,000 by a forgery scheme worked in almost every state in the Union.

The Evening Telegraph and the Chicago Tribune both 1 year for \$5.50. Address The Telegraph, Dixon, Ill.

Style is something which looks so good this year that those who use it next year will be hopelessly out of date.

It is a sort of bacillus which afflicts clothes, furniture, houses, automobiles and the womanly form. When a thing is stylish it is beautiful for a limited engagement, like an ancient actress with a talented press agent.

Style is the gas which causes the cost of living to soar. It makes a great deal of the difference between a happy, contented life on \$12 a week and an unsuccessful effort to keep ahead of the wolf on \$200 a month.

A well built dining room table will last for fifty years, but the style generally wears off in four seasons. This is why a great many families are growing fat off of golden oak tables which they have bought second-hand at a great bargain, from other families who have had to sacrifice said tables in order to make the first payment on a new table with a darker complexion and 1915 model legs.

When a moth gets into a closet and raises a happy family in a flannel skirt the housewife shouts with despair and tries to call out the militia. Yet twice a year a new style gets into the show windows of the land and ruins about \$100,000,000 worth of perfectly good clothes—and nobody complains much.

Even women cannot be continuously beautiful because of styles. Today the thin woman may be a willow dream of grace, but next year the designers will hang a new variety of clothes on her and she will have to buy twenty-three pounds of excelsior in order to bulge in the right places.

There are fifty-seven different levels of style, each one of which is being attained with great effort by families which can't afford it. Those who are devoting their harassed lives to being stylish should remember that just as soon as they are rich enough to maintain themselves in Style No. 22, Style No. 23 will move around just out of reach in front of them and make them perfectly miserable until they get it.

For this reason American families should adopt "Let Swell Enough Alone" and live up to it, even though the family next door turns up its noses so high that they can't shed rain.

Anyway, when a grass widower marries a grass widow they do not have to rehearse the part.

A Princess will wear a section of elevator cable around her neck and fasten on it a can opener, a monkey wrench, an ice pick, a young whisky flask, a screw driver and a sardine can. Then she will call it her Vanity Outfit.

Why is it that woman waits until her clothes are on a chair before she looks under the bed to see if anyone is there?

Rotund.
An elderly woman who was extremely stout was endeavoring to enter a street car when the conductor, noticing her difficulty, said:

"Try sideways, madam; try sideways."
The woman looked up and said breathlessly:

"Why, bless you, I ain't got no side ways!"
L. Boose returned last evening from an over Sunday visit in Chicago.

John Holt of Nachusa was in town today.

EVACUATION OF KIEV BY RUSS HAS BEGUN

Germans Are Attempting to Encircle Foe at Vilna.

Petrograd, Sept. 21.—A dispatch from Kiev to the Bourse Gazette quotes the director of the Southwestern railways as saying that the evacuation of that town was "proceeding normally" and that there were on hand enough cars for this purpose. Military critics assume in the absence of official information that the Russian forces have abandoned Vilna and are retreating to the south.

London, Sept. 21.—The Russian army menaced since the fall of Vilna, by the Germans encircling movement, is estimated variously at 250,000 to 500,000 men. The conditions under which the Russians are attempting to extricate themselves furnish a striking parallel to those which followed the capture of Warsaw. They may precipitate one of the greatest, if not the greatest battle which has been fought on the eastern front.

ASKS U. S. TO CHECK TURKS

Viscount Bryce Issues Appeal in Behalf of Armenia.

London, Sept. 21.—Viscount Bryce, formerly British ambassador to the United States, issued an appeal to America to try to stop the slaughter of Armenians.

"If anything can stop the destroying hand of the Turkish government it will be an expression of the opinion of neutral nations, chiefly the judgment of humane America," he said. "Accounts from different sources agree that over the whole of eastern and northern Asia Minor and Armenia the Christian population is being deliberately exterminated, the men of military age being killed and the younger women seized for Turkish harems."

Big Slides in Panama Canal.

Washington, Sept. 21.—The earth slides in the Panama canal near Gold Hill are much more extensive than was at first reported, and probably will tie up the waterway for at least ten days.

Brings Bodies of F-4 Men.

San Francisco, Cal., Sept. 21.—The United States naval station ship Supply arrived from Honolulu with the bodies of thirteen men from the submarine F-4. Only four of the bodies have been identified.

Steel Foundry at Full Capacity.

East St. Louis, Ill., Sept. 21.—The American Steel foundry is now working to its fullest capacity is now working more than 1,700 men. All of the laborers employed at the American Steel are regular inhabitants of East St. Louis and the company is now working night and day, full force.

AN OVERBURDENED WIFE.
If the work that woman do and the pains they suffer could be measured in figures, what a terrible array they would present! Through girlhood, wifehood and motherhood woman toils on, often suffering with backache, pains in side, headaches and nervousness which are tell-tale symptoms of organic derangements which Lydia E. Pinkham's Vegetable Compound—made from roots and herbs—can undoubtedly correct. Women who suffer should not give up hope until they have given it a trial.

THE PRICE WE PAY.

Thirty lives, mostly those of little children, were lost this year as a result of the Fourth of July celebrations. Of these, one boy died of lockjaw following a blank cartridge injury, five persons were killed outright by firearms, five were killed by the explosion of fire bombs or torpedoes, six were injured by cannon and two by other forms of fireworks. Eleven children, mostly little girls, were burned to death by fire from fireworks. Besides the thirty fatal accidents, there were 1,135 non-fatal injuries. One person was totally blinded, eleven lost one eye, five lost legs, arms or hands and 38 lost one or more fingers. Of these injuries, 227 were due to giant firecrackers, 100 were caused by firearms and 93 by cannon. These figures taken from the Thirteenth Annual Summary of Fourth of July Injuries, published by The Journal of the American Medical Association, show that the cost of our annual patriotic orgy of noise and gunpowder is still far more costly than it should be. Yet a comparison with previous years shows a distinct gain. In 1903, when first began the collection and publication of these figures, 406 deaths from lockjaw followed the Fourth of July celebration, while 60 deaths from other causes connected with the day and its observance were reported. The total figures for the past thirteen years show that since 1903, our Fourth of July celebrations have cost us 991 lives from lockjaw and 871 from other causes, making a total of 1862 lives lost as a result of the old-fashioned, noisy, nerve-racking and dangerous Fourth of July celebrations. During the same period, 42,089 persons were injured, making a total of 43,951, or nearly four regiments of American citizens who were killed or injured as a result of our misguided efforts to show our patriotism.

As has been repeatedly pointed out, the responsibility for these Fourth of July accidents rests entirely with the city government. The regulation of fireworks and methods of celebrating the Fourth is a matter for municipal regulation. The city authorities, therefore, must be held personally responsible for any Fourth of July accidents or deaths which may occur. Loss of life through lockjaw, the burning to death of little children, the maiming and crippling of citizens and the destruction of property by fire can all be prevented by properly enacted and rigidly enforced ordinances in 43 of the largest cities in which the bulk of these accidents occurred. Restrictive ordinances are usually looked on as halfway measures and are not enforced. Absolute prohibition of the sale of fireworks in any form has been proven to be the only means by which loss of life and a heavy toll of disabling and mutilating accidents can be avoided. In particular, if New York and Philadelphia will take proper steps to regulate this situation, the number of accidents next year can be cut in half.

MANIFESTATION OF PATRIOTISM.

There should be a campaign of education with regard to the National Flag and the National Anthem. During a recent parade, in which there was no lack of patriotism, a large American flag floated down from between two buildings which was not saluted except by a small fraction of the marchers. The spectators of the parade did not as a rule give the recognition of the doffed hat to the National Anthem.

This condition does not arise from the lack of desire among the people to express their feeling toward the two symbols of our patriotism. To tell the truth, our patriotic sentiment has been capitalized, has been cheapened for profit by our purveyors of amusement. It has been incorporated into our national quest of the golden kale. Our own George Cohen has dropped the flag from its high place and about it has weaved the raucous notes of "The Grand Old Rag." Our vaudeville managers seized upon every event with a patriotic possibility, like the Mexican affair, to make audiences stand in rapt adoration, while a poor orchestra scrapes out its interpretation of "The Star Spangled Banner." It brings tears to our eyes, and incidentally it brings dollars to

In other countries this adoration of the flag and of the National Anthem is a matter of legislation. With us it is a matter of patriotic custom. Therefore we should regard the display of our flag and the playing of the National Anthem as a ceremony, not to be abused by men who confuse patriotism with amusement, and to be given recognition upon all legitimate occasions by those to whom the flag and its celebrant air are the pledge of the dedication of a life upon the demand of the nation.—Cincinnati Times-Star.

TELLING SHIP'S SPEED.

New Automatic Computation Methods Are Devised.

When battleships are maneuvering or steaming ahead in fleet formation, it is essential that each navigator know the speed his vessel is making, in order that it may be kept in its proper position in relation to the others. Quite recently two new automatic methods for establishing the speed of vessels have been perfected, one in Sweden and the other in this country. The latter system has been adopted in the navy department and installed in the latest United States men-o-war and auxiliary vessels.

The plan takes advantage of the uniform slip of propellers at a given speed, and by means of specially designed instruments, the revolutions of the various propulsion shafts are translated into distance traveled through the water. This eliminates all the calculations heretofore required in computing the speed and distance made by a vessel. With every 100 turns of the propulsion shafts the distance is worked out automatically by the instruments and the revolution per minute given every 200 turns, and the speed also estimated. The revolutions both ahead and astern are counted.—Popular Mechanics.

Historic Places In Dixon And Lee Co. Should Be Marked

service.

The people of Dixon should no longer neglect marking historic places within the borders of the city. Some of the most noted incidents in connection with the history of the state and the early life of Lincoln occurred in Dixon during the Black Hawk War.

In 1832 Black Hawk, with a following of Sacs and Foxes, crossed the Mississippi river intending to evict white settlers from the valley of the Rock river. The settlers of the northwestern part of the state became alarmed and fled to the forts, knowing Black Hawk was an enemy of the settlers and a tried friend of the British. General Atkinson, who was stationed at Rock Island, wrote to Gov. Reynolds for reinforcements and the governor at once sent out messengers calling for volunteers.

Abraham Lincoln was working in a shoe store at New Salem, Schuyler county, and he at once enlisted for service with the state. Volunteers were ordered to be at Beardstown on April 22, where a vote was taken to elect a captain of the company to which Lincoln belonged, and Lincoln was elected.

The company was a motley crowd of men, buckskin breeches, coonskin caps and equipped with flint-lock muskets. But these men were not untrained, as of the present; according to the laws of the state all able-bodied men between the ages of 18 and 45 were required to meet and drill twice yearly or pay a fine of \$1. And as dollars were scarce at that time very few missed the drills.

On April 27 a force of 1600 men left Beardstown for the Rock river country. The troops marched first to Yellow Bank on the Mississippi and thence to Dixon's Ferry, where they were mustered into the United States

movement.

The grand purpose of the rural credits movement, said Mr. Herrick, had been overlooked by those who expected of it only lower interest rates. Cheaper money, he declared, is not its only aim; it rises higher than that and proposes to enable home seekers to accomplish their wish, land owners to procure adequate funds to develop their holdings and farmers to mobilize their resources so that American agriculture may become modernized and properly financed and keep pace with progress in every other industry.

Reviewing the five years that the movement has been in course, Mr. Herrick declared that legislation in various states looking to the formation of credit unions and land credit institutions had little merit. State aid, he believed to be undesirable in the United States if private enterprise could be efficiently regulated and rural co-operation intelligently practiced.

Figures Incomplete.

The soldiers from the colonial concessions were not included in the recent figures of British recruiting given by Premier Asquith recently stating that 3,000,000 had enlisted since the opening of hostilities. The figures were for the United Kingdom alone, the Premier announced today.

Transport Sunk.

The Frankfurter Zeitung reports a large British transport bound from Egypt to the Dardanelles was sunk by a German submarine.

Many Submersibles Taken.

Frank Peer, an American who arrived today from England, said that he personally knows of 28 German submarines which have been captured by steel nets.

Berlin, via London, Sept. 21.—An announcement was made by the war office here of an attack by German forces on the Serbians. It was said the Serbians were driven back. The announcement says: "On the northern bank of the Danube German artillery engaged in battle Serbian positions south of the river near Semendria (twenty-four miles southeast of Belgrade). The enemy was driven off. His artillery fire was silenced."

Opens Balkan Campaign.

London, Sept. 21.—The official announcement by Berlin of the attack by German forces on the Serbians is the first that Germans are on the Serbian front. It has been reported for several weeks that the Germans and Austrians were planning a new campaign in the Balkans, with the object of going to the assistance of the Turks.

Such a move would doubtless be directed first at Serbia in an attempt to force a passage through that country to the Bulgarian border. Turkey, having made promises of territorial concessions to Bulgaria, it has been reported that the latter nation would not oppose the passage of German and Austrian forces to the Turkish frontier. The prediction has been made that this move would bring Rumania and Greece into the war. These nations, as well as Bulgaria, have called out additional troops recently.

British Forces Sent.

Official announcement was made in England in July that British forces, the strength of which was not given, had been sent to Serbia. A large British force, under command of Rear Admiral Ernest Troubridge, according to unofficial advices from Belgrade in June, has been in Serbia since March. It is also known that the Serbians are being assisted in the field by the French.

No Hyphens Go.

Freeport, Ill., Sept. 21.—When several men gave their nationality as Swedish-Americans, when applying for naturalization papers, Judge Baume ordered that no papers be issued to people with any hyphenated prefix to their names.

He Forgot His Bride's Name.

Springfield, Ill., Sept. 21.—Salvatore Saolo walked into the county clerk's office and asked for a marriage license. Questioned as to his fiancée's name, he admitted he didn't know it. He hurried out, got the information, and then the license.

Druggist Guilty of Running Tiger.

Galesburg, Ill., Sept. 21.—R. F. Lees, clerk in the Hotel Custer drug store, and Thure Osterberg, proprietor of another drug store, both pleaded guilty to the charge of selling liquor illegally and paid fines of \$20 and costs.

Illinois to Have Place of Honor.

Washington, Sept. 21.—Illinois, the first state to organize a Grand Army post, will have the place of honor at the head of the veterans' section of the parade at the annual encampment at Washington September 26th.

Married Fifty Years.

Pekin, Ill., Sept. 21.—Henry C. Hatch and his wife, Ellen, celebrated their fiftieth wedding anniversary this week. Mr. Hatch is sixty nine years old.

ARCHIBALD GOES TO WASHINGTON

War Correspondent Denies Intentional Wrongdoing.

AND SAYS HE WASN'T TRICKED

Statement is issued by Newspaper Man Immediately After Consulting Attorney in Return to U. S. on Rotterdam—Visit to Capital is Voluntary, He Says.

New York, Sept. 21.—James F. J. Archibald, the American war correspondent from whom the British military authorities took a letter written by Dr. Dumba, the Austrian ambassador to the United States, to Baron Burian, the Austrian minister for foreign affairs, and in which there was outlined a plan to cripple the manufacture of war munitions in this country, returned to New York on the steamer Rotterdam.

As the boat came up the bay he was subjected to a brief inquiry by Chief Wm. J. Flynn of the secret service on the matter of a gold-headed cane. Among the reports that had been circulated concerning him since he was arrested and taken from the Rotterdam on her last trip to Europe at Falmouth, was one that Archibald carried with him a gold-headed cane which had been hollowed out and which was supposed to contain official information for the Austrian government. Mr. Archibald told Chief Flynn that the report was a myth, that he carried no such cane and that the only gifts which he was taking to Europe were a small clock for Countess von Bernstorff and a bon bon dish for the Princess Hatzfeldt. He gave his word of honor that this was so. He said later that Chief Flynn made no suggestion as to his going to Washington nor did he indicate that Archibald might expect to be watched by secret service men.

Denies Knowing Contents of Letters.

Later in the day Archibald gave out a statement after a long consultation with his counsel, Frank J. Hogan of Washington in which he reiterated his declaration that he knew nothing of the nature of Dr. Dumba's communication. He then talked freely for half an hour with reporters detailing his experiences with the British authorities and with Ambassador Van Dyke who took up his passport when he arrived at The Hague and gave him another that paved the way for his return to this country. He stated emphatically that he would not knowingly have done anything detrimental to his own country. He later left for Washington where he said he expected to communicate immediately with the state department as to his readiness to answer all questions. He said that no one had requested him to do this but he felt it to be his duty in view of what had happened.

Thinks Dumba Acted in Good Faith.

"My counsel, Frank J. Hogan of Washington has called my attention to an interview telegraphed from Rotterdam via London. The major portion of the interview is quite correct, but the last paragraph has obviously been added and manufactured out of whole cloth," said the correspondent. "The sentence added to the end of the dispatch says:

"I am the victim of the cunning method of the Austrian and German embassy officials in making me the bearer of an incriminating document," and quoted me as saying that I had been tricked into carrying this letter by these officials.

"As I have never had any reason to suspect any such thing and have never for a moment harbored any such thought I wish emphatically to deny the use of any expression of that kind. I do not think that I was the victim of any trickery nor do I believe that any official of either embassy acted in any way except in the best of faith."

OUR BIG DAY

Everybody Came to See Us.

In response to recent notices wherein Professor Munyon guaranteed to refund the money in every instance where his remedies fail to give satisfaction, people with all sorts of ailments called for all sorts of his remedies. The big demand, however, seems to be for his Paw-Paw Laxative Pills. They're certainly giving satisfaction. One benefited person tells another of their curative qualities, and so the demand increases. Professor Munyon wants us to continue to impress upon every person who suffers with stomach or liver ailments, and particularly all constipated people, to try Paw-Paw Laxative Pills. He says they correct indigestion and school the bowels to act every day in a natural way. If your complexion is bad, if you have dizzy spells, if you are bilious and if you have impure blood, get a bottle of these Pills, with the understanding that if you are not satisfied, your money will be returned. No gripping, no weakening effect, just a pleasant, natural movement every day. You get well almost unconsciously. Professor Munyon warns the public against the use of the old-fashioned cathartics, which scour and debilitate. If you have an ache or pain of any kind, you better come in and try one of Munyon's Remedies. Also don't forget that we are carrying his Witch Hazel Soap, the best toilet soap ever sold at 10 cents a cake.

ADDITIONAL SOCIETY

Lodge Anniversary

The Rebekahs of Dixon, Minnie Bell lodge, met Monday evening in a pleasant celebration of the sixty-fourth anniversary of the Rebekah degree. 150 were present, most of them townspeople, members and their friends. An enjoyable program opening with two vocal solos charmingly given by Mrs. W. G. Kent, was rendered. Miss Gertrude Nesbit followed with a violin obligato and encore which were greatly enjoyed. A reading and encore by Mrs. Winnifred Frye, delicious bits well-rendered, followed. An address by Miss Carrie Smith on the work of the Rebekah lodge since its beginning, proved of great interest. Miss Smith touched upon excellent training received by the I. O. O. F. orphans in the home at Macon and the cheer and harmony that always prevail in the Old Folks' Home at Mattoon. Several enjoyable numbers on the Edison phonograph, furnished by the genial county treasurer, J. E. Moyer, followed. The phonograph also furnished music for the dancing enjoyed later. Another treat of the evening was superb fancy dancing of Miss Marcelle Kent, who seemed a fairy sprite as she danced in the red light in her charming red ballet costume. Miss Marcelle's encore closed the program when dancing became general. Card games were also enjoyed. Fruit punch and wafers were served by a number of the ladies throughout the evening. Among the out-of-town guests were Mr. and Mrs. Dushman of St. Louis, Miss Heiliger of Madison, Wis., and Mrs. Catherine Esterly of Polo.

ROCKEFELLER AT COLORADO MINES

Keeps Promise to Visit Scene of Labor Troubles.

EATS INCOG WITH LABORERS

Representative of Miners Tells of New System—Young Magnate Says Workmen Should Have Better Houses—Calls Rents Too High—Women to Have Gardens.

Denver, Colo., Sept. 21.—John D. Rockefeller, who had travelled all the way from New York without his destination being known, stepped from an ordinary Pullman sleeping car on a Santa Fe train in Trinidad Monday morning. The young millionaire was keeping his promise made to Mother Jones last winter to visit Colorado and see conditions for himself as they really exist. He immediately began an investigation of the various coal mining camps in the southern fields controlled by the Colorado Fuel and Iron company.

Gets Dinner With Miners.

He sat down and ate dinner with coal diggers at the camp boarding house at Berwind, just to see what kind of food was served to the men. Later he talked to a dust-begrimed mine foreman. He did not introduce himself to this man nor did the miners at the boarding house know who was the serious-faced young man who was eating at the same table with them.

Later on, however, Mr. Rockefeller did break his resolve to learn things incognito. It was at Berwind where he sat for half an hour in the morning on the porch of a tumbled-down shack of the Berwind Coal Mining company and talked with Dan Morelli, representative of the local miners in this Colorado Fuel and Iron company camp.

"Look here, Mr. Morelli," said Mr. Rockefeller. "I want to have a heart-to-heart talk with you. Just forget that I am a wealthy man and talk frankly to me as you would to any of your brother miners. I believe this thing of labor and capital fighting is all wrong. I am devoting the biggest part of my time to bringing about peace between labor and capital and I want you to tell me frankly what I can do to help matters in this camp."

New System Helps Some.

Mr. Morelli told Mr. Rockefeller that the new system inaugurated by President Wellborn of the Colorado Fuel and Iron company was proving an excellent help to the men in the mines. Mr. Wellborn's plan is for the miners to elect one of their number as representative of all the miners in the camp. This man has perfect liberty to take up any grievance on the part of the miners with any company official. Dan Morelli was elected under this scheme.

Mr. Morelli told Mr. Rockefeller that improvements might be made in the homes provided for the miners by the company.

Says the Miners Need Better Homes.
"All right," said Mr. Rockefeller. "Let's go and see some of these homes. I have come west to see for myself if the reports of conditions which my managers have been sending me are absolutely true."

Morelli and Mr. Rockefeller visited a dozen homes of the miners in the little settlement in Berwind. The first place visited was one of the oldest houses in the camp.

"This place does not look very inviting," said Mr. Rockefeller. "Why cannot we have better houses in place of such as this?" he asked of President Wellborn, who had joined the party at that moment.

Mr. Wellborn explained to Mr. Rockefeller that plans were already drawn for replacing these old houses with new and modern homes.

Thinks Rent Too High.

"How much rent do the men pay for a house like this?" asked Mr. Rockefeller.

"Two dollars for a two room a month," said Morelli. "There are four rooms in this house and that makes \$8 a month."

"Well," asked Mr. Rockefeller. "Do you think it worth it?"

Mr. Rockefeller then pointed to the yard. "Why cannot these people have some good gardens here?" he asked.

Mr. Morelli explained that no one seemed to take an interest in gardens.

Will See That They Get Gardens.

"Well," he said, "I think it would cut down their expenses if these women would devote some time to gardens. I think the company should provide them with little gardens about each house well fenced in and with a supply of seed for staple vegetables."

NOTICE TO CONTRACTORS.

SEALED PROPOSALS addressed to the Board of Local Improvements and Council of the City of Dixon, in the County of Lee and State of Illinois, and endorsed, Proposals for the furnishing of the labor and materials for and the construction of cement sidewalks on the west side of Highland Avenue; on the west side of Chestnut Avenue; on the east side of Walnut Avenue; on the east side of Noble Avenue; on the east side of Logan Avenue; on the west side of Douglas Avenue; on the west side of Monroe Avenue; on the north side of Fourth Street; on the south side of Eighth Street; on the south side of Ninth Street; on the north side of Pine Street; on the north side of Morgan Street; on the south side of Everett Street; on the north side of East Bradshaw Street; on the east side of Brook's Place at such points and places in said streets, avenues and alleys as specifically designated and pointed out in the ordinance for said improvements, or such of said sidewalks as have not been heretofore constructed by the owners of adjoining property according to the provisions of said ordinance. All of said sidewalks to be of a width of four (4) feet and constructed in the City of Dixon, County of Lee and State of Illinois, as provided for in Local Improvement Ordinance Number 175, Series of 1915 of the City of Dixon, will be received by the Board of Local Improvements at the City Clerk's Office in the City of Dixon, Lee County, Illinois, until ten o'clock in the forenoon on Tuesday, the 28th day of September, A. D. 1915, and will be publicly opened by the Mayor of said City of Dixon (who is President of said Board of Local Improvements) at a joint meeting of said Council and said Board of Local Improvements to be held in the Council Chambers in the City Hall in said City of Dixon at ten o'clock in the forenoon on said day.

Said bids will be opened by the Mayor in the presence of a majority of the Council and shall remain on file in the Mayor's Office and will be open to public inspection for at least forty-eight hours before an award of said contract is made to any competitive bidder. After the expiration of forty-eight hours, as above stated, said Council and Board of Local Improvements shall meet in joint session and determine the most advantageous bid for the City and publicly declare the same.

The work for which said tenders are invited is the construction of about 24260 square feet of cement sidewalks as provided for in Local Improvement Ordinance No. 175, Series of 1915, of the City of Dixon, Illinois.

A bond of Fifteen Hundred (\$1500.00) Dollars will be required, conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the Board of Local Improvements and Council of the City of Dixon. All proposals must be made on blanks which will be furnished by the City Clerk's Office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is completed, and the work accepted by the Board of Local Improvements and Council of the City of Dixon. Bonds to draw interest at five per cent per annum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements and Council of the City of Dixon of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications are on file in the Mayor's office and may be seen at either the office of the Mayor or City Clerk of the City of Dixon.

The Council and Board of Local Improvements reserves the right to reject any and all bids.

Dated at Dixon, Illinois, this 17th day of September, A. D. 1915.

Signed, BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

FOR ILLINOIS WOMEN

Who Are Tired Out, Nervous, Sleepless, or Racked With Pain.

Murphysboro, Ill.—"When I began taking Dr. Pierce's medicines I was just a nervous wreck, I could hardly be on my feet. While not able to work, I tried to keep up. I was recommended to use 'Favorite Prescription' and I took three bottles. I began to get better and when the treatment was finished I was much stronger and better able to work. The medicine was fine; easy to take and fully satisfactory."—Mrs. Wm. BLACKBURN, 435 North 14th St., Murphysboro, Ill.

Peoria, Ill.—"I heard of 'Favorite Prescription' through a lady friend. I was not sick but had the 'tired-out' feeling. The contents of one bottle made me stronger and better so that the work went off as it should. I am very glad to speak a good word for 'Favorite Prescription.'"—Mrs. R. D. JONES, 3290 North Adams St., Peoria, Ill.

Dr. Pierce's Favorite Prescription is a true friend to women in times of trial and at times of pain when the organs are not performing their functions. For headache, backache, hot flashes, catarrhal condition, bearing down sensation, mental depression, dizziness, fainting spells, lassitude and exhaustion women should never fail to take this tried and true woman's medicine; also for girls about to enter womanhood, women about to become mothers and for the changing days of middle age.

It's a temperance remedy that is extracted from roots with pure glycerine and its ingredients are published on wrapper.

Write Dr. Pierce, Invalids' Hotel, Buffalo, for free book on woman's diseases. Also for confidential medical advice.

Quickest, Surest Cough Remedy is Home-Made

Easily Prepared in a Few Minutes. Cheap but Unequaled

Some people are constantly annoyed from one year's end to the other with a persistent bronchial cough, which is wholly unnecessary. Here is a home-made remedy that gets right at the cause and will make you wonder what became of it. Get 2 1/2 ounces Pinex (30 cents worth) from any druggist, pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking it at once. Gradually but surely you will notice the phlegm thin out and then disappear altogether, thus ending a cough that you never thought would end. It also loosens the dry, hoarse or tight cough and heals the inflammation in a painful cough with remarkable rapidity. Ordinary coughs are conquered by it in 24 hours or less. Nothing better for bronchitis, winter coughs and bronchial asthma.

This Pinex and Sugar Syrup mixture makes a full pint—enough to last a family a long time—at a cost of only 54 cents. Keeps perfectly and tastes pleasant. Easily prepared. Full directions with Pinex.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quaiacol, and is famous the world over for its ease, certainty and promptness in overcoming bad coughs, chest and throat colds.

Get the genuine. Ask your druggist for "2 1/2 ounces Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

bruised but he was lucky to escape more serious injury.

Mr. and Mrs. M. C. Stitzel, Mrs. G. G. Stewart and Earl and Mabel Stitzel motored to Franklin Grove Sunday and were entertained at dinner at the F. H. Hansen home.

Mrs. H. A. Origiesen and three children and sister, Miss Gertrude Gardner spent last week in Chicago the guests of the ladies' parents, Mr. and Mrs. E. Gardner.

Mrs. E. J. Hollenbeck was quite ill last week with an attack of gall stones, but is able to be about the house again.

Mr. and Mrs. John Schryver and children spent Sunday with the M. L. Cooper family.

C. F. Burtisfield, Fred and Will Green left last night for Kallspeil, Mont., to look over the northwest country.

SELFRIDGE BELITTLES ATTACK BY ZEPPELINS

"Minimum of Efficiency With Maximum of Cost."

New York, Sept. 21.—A full account of the Zeppelin attack which penetrated to the very heart of London on the night of Sept. 8, stories of which have been suppressed by the British government beyond the barest details, was brought over by eye-witnesses of the event who arrived on the American liner Philadelphia, the Holland-America liner Rotterdam and the Cunard liner Orduna.

"The minimum of efficiency and destructiveness with the maximum of cost," was the description applied to the raid by H. Gordon Selldridge, the head of the great London department store, and practically all of the witnesses gave the same opinion. The attack, they said, was a remarkable spectacle and had the sole effect of attracting huge crowds of sight-seers who flocked from all parts of London afoot and in taxicabs to see the battle between the hostile air craft, a mile and a half in the sky and the gunners and aeroplanes of the defenders.

The greatest significance of the raid was that it reached to the heart of the city whereas former attacks have penetrated little beyond the outskirts. The attack failed to damage more than a few small shops in the poorer section of the town.

OBREGON CAPTURES BLANCO

Mexican Leader Finally Taken and Held at Vera Cruz.

San Antonio, Tex., Sept. 21.—General Lucio Blanco has been captured and is now held a prisoner in jail by General Obregon, according to an official Carranza dispatch from Vera Cruz, received here.

The same dispatch declared Eulalio Gutierrez, once provisional president of Mexico by election of the Aguas Calientes convention, had "surrendered" to General Obregon at Saltillo.

LOSS OF COAL FIELD
HARD BLOW TO VILLA

Monclova, Last Supply Source, Is Taken by Carranza.

Brownsville, Tex., Sept. 21.—General Villa has been struck a death blow as far as extensive future operations are concerned by the capture of Monclova, in the state of Coahuila by Fortunato Zuazua, which was announced by General Jacinto B. Trevino. The city is the last of the coal mining towns held by Villa, according to the Carranza generals.

All the locomotives held by Villa burn coal and he must now secure fuel in the United States and pay cash.

British Bombard Belgian Coast.

Berlin, Sept. 21.—Warships of the allies bombarded Westende and Middekerke, on the Belgian coast, but were forced to withdraw before the Germans' fire, according to the official statement of the war office. Several ships of the allies were struck.

Dumba Will Leave Sept. 28.

New York, Sept. 21.—It is learned that Dr. Constantin T. Dumba, the Austro-Hungarian ambassador, whose recall was asked by President Wilson, has reserved passage on the steamer Rotterdam, which sails from this port Tuesday, Sept. 28.

IT'S SURPRISING

THAT SO MANY DIXON PEOPLE FAIL TO RECOGNIZE KIDNEY WEAKNESS

Are you a bad back victim? Suffer twinges; headaches, dizzy spells?

Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do.

Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only.

Have convinced Dixon people of their merit.

Here's a Dixon case: Dixon testimony.

Kidney sufferers hereabouts should read it.

L. S. Fultz, Prop., of grocery store, 711 Depot Ave., Dixon, says: "Occasionally I get weak through my back and when I have such an attack Doan's Kidney Pills always relieve the trouble. They are an excellent medicine for kidney complaint and I highly recommend them."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fultz had. Foster-Milburn Co., Props., Buffalo, N. Y.

LEVEES ON RIVER AND WORK OF U. S.

**WHAT GOVERNMENT DOES TO
CHECK RAMPAGE OF
MISSISSIPPI.**

Uncle Sam Has Spent Many Million
Dollars on Projects.

Although the government has often
been criticised for its policy with re-
gard to the building and maintenance
of the levees designed to protect the
lower Mississippi valley from damage
due to floods, the Mississippi river
Levee association, in a comprehensive
booklet which it has just issued, takes
the stand that as far as the govern-
ment has gone it has done very well.
But much remains to be done. Every
spring the river overflows its banks,
and every few years there is a flood
which inundates a vast acreage, ruin-
ing crops, homes and cities. The prin-
cipal danger is at bends in the river.
When the water rises to unusual
heights the river becomes impatient
of the restraint imposed by bends and
strikes out cross country. It is shown
in the association's booklet that it is
possible to strengthen the levees at
these important points to such an ex-
tent that the river can be held in
check.

From old documents it is shown
that since 1712 the river has been
indulging in these rampages. The
problem became so serious with the
advance of population westward that
the Mississippi river commission was
created by an act of congress of June
28, 1879. This commission is com-
posed of seven members, three from
the United States army, one from the
coast and geodetic survey, and three
from private life. The commission's
investigations and recommendations,
the association says, have been sound
and correct, but the difficulty has
been to get congress to make appro-
priations according to some settled
plan. One congress has been known
to appropriate money for the begin-
ning of work which the next refused
to support, with the result that much
of the good accomplished has been
undone. Since 1810 the federal govern-
ment has spent \$30,000,000 on this
work and more than \$75,000,000 has
been spent by the localities affected,
and the latter figure includes only
sums appropriated since the civil war.

According to a map in the pam-
phlet, the area most seriously affected
by floods comprises only about 1 per
cent of the total area of the Missis-
sippi valley. But in all this includes
20,000,000 acres which would be
greatly increased in productivity
by the erection of adequate levees.
The cotton crop alone could be in-
creased to yield a yearly return
\$750,000,000 greater than at present.
The association estimates that the
government would have to appropri-
ate a total of about \$60,000,000 to
complete the work which it has un-
dertaken. It is pointed out that the
Holland government spent \$46,000,000
reclaiming 2,000 square miles "in
Zuider Zee, and that the British gov-
ernment spent \$53,000,000 reclaiming
2,200 square miles in Egypt. "Why,
then," asks the association, "should
the United States not spend \$60,000,
000 protecting 29,790 square miles—
a section of the country equal to the
combined areas of Maryland, Massa-
chusetts, New Jersey and Rhode
Island?"

PARK IS WONDERLAND.

Glacier National Playground Attracts
Many Tourists.

Away up in the northwestern part
of Montana, between the main line of
the Great Northern railway and the
Canadian boundary line, lies Uncle
Sam's newest national playground,
containing 1,525 square miles of the
most beautiful mountain scenery in
the land. Over 14,000 tourists visited
this park last year, and it has a re-
cord of entertaining more tourists dur-
ing the first five years of its exist-
ence than any other national park in
the first twelve years, and is properly
named the "Switzerland of America."
Here the Rocky mountains tumble
and froth like a wind-whipped tide as
they career off to the northwest of
Canada and Alaska. Here is the real
backbone of the North American con-
tinent, where peak after peak rises
its saw-tooth edges to the clouds;
three score glaciers within its borders
are slowly and silently grinding away
at their epochal task; 300 lakes, in
valley and in mountain pocket, give
back to the sky its blue, gray and
green; half a thousand waterfalls cas-
cade from everlasting snow in misty
torrents or milk-white traceries; rain-
bows flicker and vanish in the ever-
changing play of waters.

GLASS IS AD MEDIUM.

Receptacle Used in Restaurant to
Advertise Business.

To employ a drinking glass as an ad-
vertising medium in a restaurant is
the novel use suggested by the intro-
duction of a newly designed glass. A
depression molded in the under sur-
face enables the insertion of a paper
disk, corresponding in size to a milk
bottle cap, on which advertising mat-
ter pertaining to the establishment is
printed.
